

Dear Neighbours, Fellow Highcliffe Residents, Tree Lovers

Hoburne developments have submitted a planning application to remove the beautiful trees along the A35 to the north of Hoburne Farm

The trees have been present for over 100 years. We are sure that you agree that these trees are aesthetically pleasing when approaching Highcliffe/Christchurch along the A35. Their loss will be seen by generations to come in a forever expanding concrete jungle.

The trees and 15m zone they stand in is also a wildlife habitat.

All this will be lost with tree removal and garden expansion.

<https://www.dorsetforyou.gov.uk/planning/applications/search>

Planning application number 8/18/1104/TTPO

Act now if you want to keep these trees.

Send an email to treeteam@christchurchandeastdorset.gov.uk attention of Carolyn McPhie

You need to object on the ground of the amenity value that they provide. Because they:-

- Provide a visual attraction to people arriving in Christchurch along the A35 or by rail;
- Provide a visual screen between the Hoburne Farm Estate, the A35 and the railway line;
- Provide an acoustic screen between the Hoburne Farm, the A35 and the railway line
 - Absorb car fumes from the road;
 - Provide valuable ecological habitat.

Can you also please lobby the West Highcliffe Councillors

Councillor Mrs Lesley Dedman, cldr.ldedman@christchurch.gov.uk

150 Mudeford. Christchurch. BH23 4AY Tel. 01425 276620

Councillor Mrs Patricia F Jamieson cldr.tjamieson@christchurch.gov.uk

17 Treeside. Highcliffe. Christchurch. BH23 4PF Tel. 01425 278665

Councillor David C Jones. cldr.djones@christchurch.gov.uk

9 Bure Homage Gardens. Mudeford. Christchurch. BH23 4DR Tel 01425 270058

This doesn't just affect Hoburne Farm.

These trees are at the entrance to Christchurch and Dorset.
