

PRESS RELEASE

Highcliffe & Walkford Parish Council – Neighbourhood Plan

The Parish Council has set about preparing a Neighbourhood Plan for the Parish area.

Parish Councillor Nigel Brooks, who is leading the Plan process on behalf of the Council, says "This is an exciting opportunity to enable residents who live in the Parish to help to shape the future of Highcliffe & Walkford. A website has been set up giving lots of information which, over time, will keep folk informed on progress. It includes a short video all about Neighbourhood Plans, please do have a look. You can also get in touch with me using the 'contact page'".

<https://www.highcliffewalkfordplan.org.uk/>

The Parish area extends from Chewton Bunny, Chewton Farm Road in the east to Sainsbury's, Stewarts Garden Centre in the west and from the railway line in the north to the coastline in the south. We live in a diverse area with homes, care homes, retail and businesses, lots of green space, employment land and a wonderful coastline.

As a first step in order to understand residents' views and ideas, a Workshop for some 30 Highcliffe & Walkford Interest Groups and businesses is being held in December. In the New Year, all residents across the Parish area will likewise be asked for their views and ideas on a wide range of issues.
